RIVERVIEW PARK
COMMUNITY ASSOCIATION

Topic	Discussion	Action Item
President's Report	<ul style="list-style-type: none">● Ron requested feedback on 2023/24. Overall board members felt it was a very successful year with lots accomplished.	
New & Ongoing Business	<ul style="list-style-type: none">● Wanda mentioned that she and Kris wrote a write-up for the fall social for the Riverview Park Review.● Lorella is looking after the pet memorial. Ads for the memorial are no longer appearing in the Riverview Park Review. Lorella asked if the board would consider funding the ads for the pet memorial in the RPR. It would cost \$50/issue for 1/8 page (\$250/year). It was decided not to continue but rather to put it on our web site instead.● Wanda is letting people know that Charles Hulse is looking for winter clothing for kids.● Wanda has a facebook page "saving items from the land fill" so people know where they can take stuff.	
Approval to Adjourn Meeting	<p>Motion: Adjournment of Meeting First moved: Jeff Seconded: Stephanie Approved by: All</p>

Communications Report

Communications Report

Statistics for September 9 – November 13, 2024

Newsletter

- 5 newsletters were sent out
- 367 newsletter subscribers
 - Anyone who visits the website can subscribe by putting in their email address and then confirming their intention when they receive the automatic email.

Website

- 5 events posted
- Review of website underway
- Page updates-new board members, board bios, school photos, Volunteers extraordinaire, splashpad at Coronation Park
- Plan to add:
 - other board's schools that Riverview Park kids attend (Marie-Curie, St. Luke's, St. Pat's, Louis-Riel) and their daycare centres (as for Riverview Alternative)
 - RPCA Board meetings as Events, Carol Sing is drafted and ready to add

Facebook Group and X

- FB Group, Instagram and X are monitored and maintained by Dianne H for RPCA and any FB Group member can post to this FB Group.
- Lynne trying to get access to RPCA-Ottawa main FB profile, owner of the RPCA FB Group, as it would be better to post in both. Last post was 2022.
- RPCA Group has 456 members
- Friends of Riverview Park Green Spaces Group has 247 members
- Other Communication options to consider: Reddit?

Transition from Heather to Lynne mostly complete. Ownership of web-site and domain name, Communications e-mail address, access to MailChimp, Wordpress, Cloudash (billing) and Cpanel for e-mail and web-site admin.

Annex D

Planning and Development Report

November 13, 2024

1. Draft of New City Zoning By-Law for consultation --. The City released the draft Zoning By-law to implement its New Official Plan that was approved in late 2022. Consultation to take place over next 18 months with Council approval expected in Fall 2025. Major changes include a proposed minimum of four dwelling units per lot, elimination of parking minimums, while retaining four story maximum along corridors in Riverview Park. AVCA and others have provided detailed analysis, including in the Vistas paper.
2. Divestiture of the National Defence Medical Centre (NDMC) Budget 2024 listed the NDMC as one of 14 surplus Department of National Defence buildings to be put up for sale and possible conversion into affordable housing. No timetable yet for divesting and several other hospitals (E.g. Bruyere) are reportedly interested in the NDMC as well.
3. Environmental Assessment(EA) for the Tremblay Multi-Use Connection (Terminal Avenue to Tremblay LRT Station). Councilor Carr's office received an August 2024 update from city staff on the proposed multiuse pathway (MUP) connecting Via Rail and Tremblay Road to Trainyards. (The RPCA was part of Public Consultation Group on this EA study for the MUP. The Councilor reported that "This project has been put on pause until the time when VIA Rail redevelops the area as part of the High Frequency Rail (HFR) . No timetable yet. The RPCA has subsequently contacted VIA's HFR team to ensure that community concerns are reflected in the redevelopment plan and to see more information on how the City's work to date might be incorporated into VIA's planning. No response from VIA yet to questions posed. The City is looking at an interim solution by extending a Mult-Use Path (MUP) from Tremblay Road and along Riverside and up behind the Main Post Office and ending near the intersection of Sandford Fleming and Terminal Avenue. This would follow the "desire line" up the hill towards the Post Office, just south of the VIA and LRT tracks. (A "desire line" is a

path that pedestrians take informally, rather than taking a sidewalk or set route, e.g. a well-worn ribbon of dirt). The slope of the path up the hill would have to be regarded and reduced. Staff will include this connection in the Transportation Master Plan (TMP) Update for consideration by Council when the TMP is brought forward in 2025. (Implementation of this project is subject to the City's priority list of active transportation projects and future capital budget priorities

4. Suggestion received regarding additional sidewalks/MUP along Industrial (asking if City can look into sidewalk/MUPs on one or both sides East of Neighbourhood Way (Figure 8) and traffic light at corner of CIBC. Would need to take into account some poles and the Metro food depot truck traffic. t. These gaps would meet up with MUP on Innes Road East of St. Laurent and extend all the way to Windmill Rd, just West of Hwy 417

5 .A Public Information Session was held on November 6 regarding plans for the old rail bridge across the Rideau River just south of the Queensway. The City has indicated that the current bridge, which is used by pedestrians and cyclists, has structural issues that need to be addressed. Four alternative solutions were presented, and the preferred option being construction of a new bridge just south of the existing Bridge. This option would allow the public to continue to use the existing bridge while its replacement is constructed. The proposal is going to the City's Heritage Committee in December with final approval in the first quarter of the new year. The two year construction period would likely begin in 2026. The current bridge would be demolished once the new bridge is opened.

6. According to the City of Ottawa Media Relations branch, "construction of the Smyth Road Cycling Safety Improvements project is near completion and most of the asphalt and concrete work have been completed. It is anticipated that the cycling facility will be open by the end of the year with the exception of the intersection crossing at the former Riverside Hospital entrance. At this intersection, cyclists will be required to dismount and walk until the green thermoplastic pavement markings are installed in the spring of 2025 along with commissioning of the bike signals. We appreciate the community's patience while this work is completed.

Minutes of Board Meeting

Date: November 13, 2024

Final paving, concrete reinstatements and landscaping work is planned for spring 2025.

The former Riverside Hospital access will remain as the construction access point for the Schlegel development beyond the completion of the Smyth Road Cycling Safety Improvements project. The bike box and permanent traffic detection loop at that location will be completed once the access is no longer needed for development construction.

7. Update on Everest Private Residential Complex- Construction of the second block of the multi-story residences at Everest Private (across Russell Road from the Perley Rideau Veterans complex) is nearing completion. The occupancy date has yet to be confirmed. Once completed, this block will be one of t two eight-storey apartment buildings at 355 and 374 Everest Private (which would add another 293 units and 354 parking spaces to the existing complex).

Annex E

RPCA Events

Current as of November 2024

2024/2025 Events Plan

Upcoming Events	Date	Desc	Details
